

AGED CARE SIMULATION WORKSHOP

Are you confident managing a resident who has become acutely unwell?

If you would like to update your knowledge and skills then this interactive workshop is for you.

Using a combination of interactive lectures and immersive scenarios the workshop provides staff working in the aged care sector with the opportunity to develop both the clinical and team skills required to manage an acutely unwell resident.

Topics include: chest pain, basic life support, foreign body removal, asthma, head injury, hypoglycaemia, and clinical handover.

Dates: Thursday 12 October 2023

Time: 9am - 1pm

Venue: Nyumbalihgu Simulation Centre

61 Uralba St Lismore

Cost: \$125 including GST

Morning tea provided.

For further information contact the simulation team on 66207570 or email simulation@ucr.edu.au
