

PAEDIATRIC

Advanced Life Support Certification Program

Target Audience

Registered nurses, medical officers and paramedical staff who:

- Require paediatric ALS certification
- Are new to emergency, intensive care, anaesthetics, recovery or HDU
- Work in small facilities with limited medical cover

Course Overview

This two-day Paediatric ALS Program is suitable for health professionals in the provision of paediatric advanced life support in a clinical setting. Accredited by the Australian College of Critical Care Nurses (ACCCN) and based on the latest Australian Resuscitation Council (ARC) guidelines, the program includes a comprehensive paediatric ALS manual, access to an e-learning quiz and a 2-day interactive workshop which includes assessment and certification.

Topics Covered

- BLS & ALS algorithms and principles
- Paediatric anatomy & physiology
- Advanced airway management
- Post resuscitation care
- Electrical therapy
- Legal and ethical
- Pharmacology

RURAL HEALTH
education • research • workforce

Date Monday 8th and Tuesday 9th November

Time 0830 - 1630

Venue Nyumbalihgu Simulation Centre,
University Centre for Rural Health,
61 Uralba Street, Lismore NSW 2480

Cost	Registered nurses	\$525 (inc GST)
	Paramedical staff	\$525 (inc GST)
	Medical officers	\$625 (inc GST)
	Reaccreditation	\$350 (inc GST)

There is a maximum of six participants in each 2-day program. A mix of medical officers and registered nurses works well to reflect normal clinical practice. However the course may run as a single discipline course.

This course is fully catered (morning tea & lunch).
