ADULT ADVANCED LIFE SUPPORT

MONDAY 18 & TUESDAY 19 NOVEMBER 2024
8:30AM - 4:30PM

A two-day Adult Advanced Life Support program to healthcare professionals in the provision of Adult Basic and Advanced Life Support in a critical care clinical setting. The program content runs over two days with assessment for certification for both BLS and ALS on the second day. The course is based on the latest Australian Resuscitation Council Statements on Basic and Advanced Life Support and current ANZCOR guidelines, incorporating theoretical lectures, clinical skill stations, and simulation scenarios.

\$575 - \$805
