

Plaster & Wound Closure

25 NOVEMBER 2026

9AM - 1PM

\$325

<https://ucrh.edu.au/simulation-centre-registration/>

This hands-on workshop covers a range of essential wound closure and immobilisation techniques, equipping participants with the skills needed to deliver high-quality care in clinical settings.

Participants will practise common wound closure methods on simulated skin models and gain practical experience in plastering and immobilisation using anatomical moulds. Guided by experienced instructors, the workshop emphasises safe technique, accuracy, and confidence through supported, practical learning.
